

Leicester, June 11. 1862.

Dear Burleigh;

We sh^d. very much like to have you with us at the Fram. Grove meeting, 4th July; and we will be answerable for a portion of the expense of your coming & going, say at least \$3. Perhaps you would secure a Sunday meetg. somewhere in neighborhood (the 4th comes on Friday), which would help in defraying expenses. Write me about it.

I think you should have a little respite & change from your labours on the Report, and a trip to Fram^g might refresh and benefit you, both & body. I am anxious, too, to hear how the Report gets on. When I came fr. Boston, a week since, no copy had been received from you for a long time. What is its present state & prospect?

Let me hear very soon, that I may announce you, if you are coming; and we must get our Bills out soon. Yrs. truly S. M. J.
